MATH PREP SUMMER SCHOOL PROGRAM

March 28, 2017

Dear Parent/Guardian:

The **English Montreal School Board** will once again offer a summer school course called Introduction to Secondary I Mathematics as a tool to help students improve their elementary math skills and prepare them for high school math topics in September. In the past, we have found that many students have benefitted from this program and this has resulted in higher grades and greater success at the high school level. This program is also offered in light of the growing importance of Mathematics in the high school curriculum.

Skills

This summer course will reinforce basic math skills which are important for success in high school. Students will review the Grade 6 math concepts to better understand and strengthen their knowledge. Students will also be introduced to fundamental concepts from the Secondary Cycle I, Year 1 Mathematics program to prepare them for greater success. Special emphasis will be placed on problem solving and basic skills training.

Entrance Requirements

This Mathematics course is open to all students who will be entering Secondary Cycle I, Year 1 in September 2017.

Duration

July 4 – July 21, 2017 8:30 a.m. – 11:30 a.m.

Registration

Registration will start in May and students will be required to return their completed form, **with payment**, to the Educational and Technology Services Department, c/o A. Furfaro by **June 23, 2017**.

Sincerely,

Alessandra Furfaro
Director, Educational and Technology Services
AF/sk
