Perspectives II Vs Venture (Jan.8th 2010)

Venture: Coach: Paul
Perspectives II: Coach: Sheldon Locking
Ass. Coach: Mario Pao

Scorekeeper: Serina Francis
Referee: Dexter John (Dj Sports)

Here is the game plan for each team

Venture coach: No pressure on defense
Pressure them at half court
Cut through their defense
Get to the paint
Getting to know each other
Happy with overall effect
No substitutes playing with only 5 players

Perspectives II: Be patient on defense
Get back faster
They are killing us on fast break, need to get back sooner
Offense is starting to click

Perspectives II had a dramatic difference from the pre-season. The team passed better and drove to the basket. The team seems to be coming together well. They compete well against Venture. Imran is the top player for the team and shot 5 times from downtown.

At one point Rumeal from Venture felt the team's ego and started returning 3pts of his own. He was the top player from Venture.

At the second half the defense got tighten up for Venture when Marcus stole the ball 5 times, converted 3 times and passed twice to his teammates to convert.

Eventhough PII was competitive but they felt short to Venture 58 to 34.

Sheldon (PII): Proud of the team / They fought until the end
Well refed and well coached / Still can do better

Paul (Venture): Fine game / Good challenge / Tougher competition this year
