**Please submit a cheque payable to EMSB, c/o Research Committee and forward at the time of the research application.**

Many studies conducted by thesis-level students and professional researchers require the participation of pupils and staff in local schools. The English Montreal School Board encourages this participation, and has established a Research Committee to screen studies to be carried out in schools within its jurisdiction and to expedite the completion of those studies which are accepted.

The attached guidelines have been prepared to assist those seeking EMSB participation in research projects. Your attention is drawn, in particular, to the fact that all research proposals must first be received by the Research Committee. Proposals must be based on a sound research methodology, have demonstrable educational value, and cause minimum disruption to the schools.

The Research Committee is scheduled to meet **four times** during the 2011-2012 school year. The meetings will be held on the second Thursday of the months of **October, February, April (cancelled), and May**. Proposals must be received two full weeks prior to a meeting to be included on an agenda.

Researchers should note the approval procedure within the Board requires a period of two to three months, and may be routed along one of the following three pathways:

A. → Research → Education → Principal  
Committee Policies Staff  
Committee Parents

B. → Research → Board → Education → Principal  
Committee Administration Policies Committee Staff  
Parents

C. → Research → Board → Education → Education → Council → Principal  
Committee Administration Policies and and of Staff  
Committee Facilities Commissioners Parents

Researchers should note that (1) no school may be approached before receiving written approval, and (2) final approval for research in any schools rests with the principal. If you have any questions, please contact:
