Dear Parent(s)/Guardian(s):

A foul smell made its way into our ventilation system at approximately 10:00 a.m. today. A number of staff members and students brought it to our attention. Upon verification the administration decided to evacuate the building and call the fire department.

The firefighters on site, informed us of the construction of a roof at a nearby building. The odour entered our ventilation system but soon dispersed. **The firefighters gave us an “All Clear” to re-enter the building.**

Rest assured that your child’s safety is uppermost on our minds every minute of the school day. Our decision to evacuate serves as proof that our first responsibility is your child’s safety.

Please do not hesitate to contact either myself or Mrs. Scrocca should you have any questions regarding this incident.

Respectfully yours,

A. Scrocca
Vice Principal

J. Marra
Principal
